“Effort Breeds Excellence!”

Traditions grow from humble beginnings. Once a one room school house, Lake Geneva’s Woods School strives to maintain the family oriented foundation from circa 1858.

Today, this public school provides progressive education and outstanding enrichment while focusing on the needs of each student. We invite you to visit and see what the Woods School family can be to your family.

Mission Statement

Woods School, together with our families and community, is committed to providing every child an outstanding education by blending time proven and innovative teaching practices in a safe and caring environment. This mission will guide our children to individual success and lifelong learning, while honoring our unique school traditions.
